

### ***Did you know***

**Q-Power agricultural belts are manufactured to ASAE Standard S211.5**

ASAE Standard S211.5 is specific to v-belt and v-ribbed belt drives for agricultural machines.

**ASAE is the American Society of Agricultural Engineers**

ASAE is a professional and technical organization with members worldwide. ASAE is dedicated to the advancement of engineering applicable to agricultural, food and biological systems.

ASAE Standards, such as S211.5 are consensus documents developed and adopted by the American Society of Agricultural Engineers to meet standardization needs within the scope of the society, this includes but not limited to agricultural field equipment

## **Belt Catalog Update**

The **Case®-International®** section on our web-site has been updated and is now available for your use.
